Adarsh.KM

C program to add two numbers using pointers.

Algorithm

1. Start

2. Read first, second

3. $P = \&first$

4. $q = \&second$

5. $Sum = *p + *q$

6. Print sum

7. Stop

Flowchart

Start

Read first, second

$P = \&first$

$q = \&second$

$Sum = *p + *q$

Print sum

Stop
